

# Security Considerations When Protecting Your Clients' Data

# David Cowen, President & Managing Director

## The Cowen Group

**David Cowen** is President and Managing Director of The Cowen Group, the premier staffing and recruiting firm focusing exclusively on eDiscovery, Litigation Support, Privacy, Security and Information Governance professionals. To support his clients in their personal and professional growth, David facilitates and moderates over 50 thought leadership events, roundtables and workshops on evolving trends, change management and career advancement.

More than a recruiter, David thinks and writes extensively on managing and developing careers, “the war for talent,” and the motivations behind investment in people, process, and technology in this rapidly evolving space. David serves in an advisory role to many clients, consulting with law firms and corporations on optimal organizational structures, maturity of leadership, and right-sizing depth of talent for their organizations.

Prior to founding The Cowen Group in 2003, David was a subject matter expert in building critical legal support and technology teams, with over 20 years of successful experience at the forefront of this industry. He holds a Bachelor of Science degree in finance from Miami University in Ohio.

# Jeffrey Richards, Director of Information Technology

## Wendel, Rosen, Black & Dean, LLP

Jeffrey Richards is the Director of Information Technology at Wendel Rosen, a regional focused firm located in downtown Oakland. Jeffrey is currently working on implementation of an Information Governance plan and automation of new business procedures for better auditing, disposition, and control mechanisms. He also manages the electronic security plan for the firm and actively fights off cyber villains. Prior to joining the firm, Jeffrey was the Senior Consulting Engineer at Volant Consulting, a San Francisco-based firm that delivers technology solutions and services to a diverse array of businesses. He is a member of the Relationship Coordinating Team and active as the East Bay Area Member Liaison for the International Legal Technology Association.

## Jeffrey M. Fisher, Partner

### Farella Braun + Martel LLP

Jeffrey M. Fisher is a partner at Farella Braun + Martel LLP with a diverse practice involving a variety of intellectual property and high technology disputes, including patent, trademark and copyright infringement, as well as antitrust, trade secret and unfair competition cases. He served as the chair of the firm's Intellectual Property and Technology Department from 2002-2012 and currently serves on the firm's Advisory Board. He is also a member of the firm's e-Discovery Task Force.

## Lael Andara, Partner

Ropers Majeski Kohn & Bentley PC

Lael Andara joined RMKB in 2001 and is a partner in the Silicon Valley office where he focuses on technology and intellectual property litigation, with a particular emphasis on patent litigation. He is a registered Patent Attorney and has developed and initiated strategies in high-stakes intellectual property disputes, including patent, copyright, trademark, false advertising, licensing, ITC investigations and trade secret matters.

# Aaron Pierce, Director of Product Management

## LexisNexis

As Director of Product Management for the LexisNexis LAW PreDiscovery and Early Data Analyzer business, lead the Product Management team responsible for strategic direction, services design, product lifecycle, roadmap, and field services.
